THE RESULT

Is in the Advertising That Reaches the Spot

It is not how much we eat that makes us strong and healthy, but that part of the food that we digest. In advertising the principal points are much like that of eating and digestion. In advertising millions of dollars are yearly spent that are practically thrown away because the advertiser has not studied closely the best mediums of reaching the particular people that he desires to reach. Now, with want ads, they have no particular class to reach. All classes read the want ads, in the home newspaper, The Times-Dispatch, because there is always something beneficial to be found in these want ads. Times-Dispatch Want Ads, rank as top-notchers among the best of want ads, and if you desire to reach the people you should try Times-Dispatch Want Ads, the advertising that reaches the spot.
